PROGRAM REPORT

Title of the Program: Mask Preparation and Distribution Activity in Covid-19 Pandemic.

Date(s): From 01/04/2020 to 30/05/2020 **Duration:** 2 Months

Venue: Volunteer location and nearby area.

Details of Participants: 100

Name of the Contact Person: Prof. K. W. Kale, NSS PO. KCT's Late G.N. Sapkal College of Engineering.

Introduction

In response to the COVID-19 pandemic, the National Service Scheme (NSS) volunteers of KCT's Late G. N. Sapkal College of Engineering took a proactive initiative to help those in need. They recognized the importance of face masks in preventing the spread of the virus and decided to contribute by stitching masks and distributing them to the less fortunate members of the community. This report highlights the efforts and achievements of these dedicated students.

Objective

The primary objective of this initiative was to provide essential face masks to individuals and families who were facing challenges in procuring them due to financial constraints or limited access to markets during the pandemic. The NSS volunteers aimed to promote public health and safety by ensuring that a larger section of the population had access to face masks.

Activities Undertaken

Mask Production: The NSS volunteers used their own creative ideas and skills to stitch a variety of masks. They sourced high-quality fabric and materials, ensuring that the masks were effective in providing protection. The team produced masks of different designs and sizes to cater to the diverse needs of the community.

Distribution: Once the masks were ready, the NSS volunteers organized distribution drives in various localities. They identified areas where the need was greatest and reached out to those who could not afford or access masks. Social distancing and safety protocols were strictly adhered to during these distribution drives.

Awareness Campaign: Alongside the distribution, the volunteers conducted an awareness campaign to educate the public about the importance of wearing masks, maintaining hygiene, and following COVID-19 safety guidelines. They emphasized the role of masks in preventing the spread of the virus.

Achievements

The efforts of the NSS volunteers of KCT's Late G. N. Sapkal College of Engineering resulted in several noteworthy achievements:

1. **Distribution of Masks:** The volunteers successfully made and distributed around 660 masks to disadvantaged individuals and families in the community, helping them protect themselves and others from COVID-19.
2. **Community Engagement:** The initiative brought together the college community and the local residents in a shared mission to combat the pandemic, fostering a sense of unity and social responsibility.
3. **Health Awareness:** The awareness campaign conducted during the distribution drives contributed to increasing knowledge about the importance of masks and hygiene practices, contributing to safer communities.
4. **Skill Development:** The volunteers improved their stitching and organizational skills while working on this project, enhancing their abilities for future endeavours.

Conclusion

The NSS volunteers of KCT's Late G. N. Sapkal College of Engineering demonstrated exemplary dedication and community spirit during the COVID-19 pandemic. By producing and distributing masks to those in need, they not only contributed to public health and safety but also set a shining example of how individual efforts can make a significant difference during challenging times. Their commitment to helping others in the face of adversity is commendable and serves as an inspiration to all.
