Notice

National Service Scheme

All the NSS Volunteers and other students are hereby informed that we are going to arrange water reservoir cleaning activity at the *Pegalwadi* village, in Taluka Timbakeshwar.

In this activity NSS Unit is going to clean all the water sources and reservoirs at *Pegalwadi* village. This activity will be conducted on 28/02/2022 and 01/03/2022 at *Pegalwadi* village. All interested NSS and other student volunteers hereby informed to attend the activity on the above mentioned dates.

For any query or details contact your respective NSS department coordinators.

Date: 28/02/2022 and 01/03/2022

Time: 09:00 AM onwards

Venue: *Pegalwadi* Village, Trimbakeshwar

PROGRAM REPORT

Title of the Program: Water Reservoirs Cleaning Activity at *Pegalwadi* Village

Date(s): From 28/02/2022 to 01/03/2022 **Duration of the Camp –** 2 Days

Venue: Pegalwadi Village, Taluka Trimbakeshwar, Dist. Nashik.

Details of Participants: 50

Name of the Contact Person: Mr. Sanjay Jadhav, CEO, Trimbakeshwar Municipal Council,
Mrs. S. B. Bairagi, Gramsevak, Pegalwadi Village, Tal. Trimbakeshwar, Dist. Nashik.

Introduction:

The NSS Department of Late G. N. Sapkal College of Engineering conducted a 7-day Residential Camp in *Pegalwadi*, a village within *Taluka* Trimbakeshwar, from February 24, 2022, to March 02, 2022. The camp aimed to promote community engagement and social responsibility. One of the key activities organized during the camp was the "Water Reservoir Cleaning" initiative.

Water Reservoir Cleaning Activity:

The Water Reservoir Cleaning activity was a significant undertaking, involving a total of 150 participants. This inclusive group comprised 50 NSS volunteers, 90 first-year engineering students, and teaching and non-teaching staff from our college. The objective of this activity was to clean the water sources and reservoirs used by the villagers for drinking and daily needs. Additionally, some of these water reservoirs served as essential sources for animals to drink from.

Given the magnitude of the task and the number of water reservoirs in *Pegalwadi*, this activity spanned two days. Trimbakeshwar Municipal Council provided invaluable support by offering vehicles and cleaning equipment to facilitate the cleaning process. This collaboration exemplified the power of collective efforts in community development.

The success of this social cause was further enhanced by the active participation of the villagers of *Pegalwadi*. They joined hands with our volunteers and staff members, demonstrating their commitment to ensuring clean and safe water sources for their community.

Educational Impact:

The Water Reservoir Cleaning activity served as an educational experience for all participants. Students learned about the importance of water conservation and watershed management. They witnessed first-hand the significance of maintaining clean and hygienic water sources for human and animal consumption.

Conclusion:

The Water Reservoir Cleaning activity conducted during the NSS 7-day Residential Camp at *Pegalwadi* was a commendable effort in community engagement and environmental stewardship. It showcased the power of collaboration among NSS volunteers, students, staff members, and the local municipal council.

We extend our appreciation to the 150 participants who dedicated their time and effort to this vital cause. The active involvement of our Principal, NSS Program Officer, and other colleagues from our college, along with the support of Trimbakeshwar Municipal Council, contributed significantly to the success of this initiative.

We believe that the lessons learned from this activity will foster a sense of responsibility for water conservation among our students and create a positive impact on the community of *Pegalwadi*, ensuring clean and accessible water sources for all.
