PROGRAM REPORT

Title of the Program: NSS Special Camp - Pit digging for septic tanks for toilet construction.

Date(s): 02/03/2023 **Duration of the activity –** 1 Day

Venue: Wadholi Village, Taluka Trimbakeshwar, Dist. Nashik.

Details of Participants: 52

Name of the Contact Person: Mr. A. M. Supe, Gramsevak, *Wadholi* Village, Taluka Trimbakeshwar, Dist. Nashik.

Introduction:

The National Service Scheme (NSS) Unit of KCT's Late G. N. Sapkal College of Engineering organized a 7-day residential camp in the village of Wadholi. The camp aimed to engage NSS volunteers in activities that would contribute to the betterment of the community while promoting the ideals of the Swachh Bharat Abhiyan.

One of the significant activities carried out during this camp was the construction of septic tanks for toilets in collaboration with the villagers. To initiate this project, the NSS volunteers conducted a survey to identify the villagers who were interested in building toilets but required assistance with digging the pits for septic tanks.

The NSS team, driven by the spirit of community service and the Swachh Bharat Abhiyan's objectives, worked diligently to assist the villagers in digging pits for septic tanks. This initiative not only helped in improving the sanitation facilities in the village but also contributed to the broader mission of creating a cleaner and healthier environment under the Swachh Bharat Abhiyan.

Throughout the 7-day camp, the NSS volunteers actively engaged with the villagers, fostering a sense of unity and collaboration. This hands-on experience allowed the students to understand the importance of sanitation and hygiene in rural areas and inspired them to contribute to the nation-building process actively.

The success of the NSS camp in Wadholi was not only measured in the physical work accomplished but also in the positive impact it left on both the volunteers and the local community. The project aligned with the vision of Swachh Bharat Abhiyan, and the NSS unit of KCT's Late G. N. Sapkal College of Engineering remains committed to furthering such initiatives that promote social welfare and community development.
