To,
The Principal,
Late G.N. Sapkal College of Engineering,
Nashik (Maharashtra), 422213.

Subject: Requesting permission for conducting add-on program

Sir,

I, Prof. Avantika A. Mishra, a faculty member of your esteemed institution, humbly request your permission on behalf of our Computer department to plan a Value Added /Add-on program in association with IQAC aimed at enhancing students' knowledge of the subjects. The program's objective is to foster industrial awareness among the students and improve their educational experience.

This program has been planned and implemented by a committed group of professionals, who have made sure that it is in line with both our educational objectives and institutional principles. We have a thorough schedule of events, a participation list, and the materials needed.

Kindly grant us permission to proceed with organization of this program. Your support and guidance will undoubtedly boost the confidence and enthusiasm of our students. We look forward to your positive response and approval for the same.

Thanking you in anticipation.

Yours sincerely,

Prof. Avantika A. Mishra

Encl.: Program Brochure

Syllabus: Network Security: Security Concepts and Terminology, TCP/IP and OSI Network Security, Access Control Issues (Packet Filters, Firewalls), Communication Security (OSI Layer Security Protocols), Security Tools, Cryptography, System Security - Intruders and Viruses, E-mail and Web Security. **Mobile Application Security:** 1. Introduction to Mobile Security 2. Building Blocks - Basic security and cryptographic techniques. 3. Security of GSM Networks 4. Security of UMTS Networks 5. Security of Mobile VoIP Communications 6.. Emerging Trends in Mobile Security

Subject- Approval to the Curriculum of Add on Course

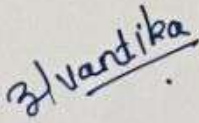

Respected Sir,

With reference to the above subject, Department of Computer Engineering has planned to organized Add on course on 'Emerging Trends in Network Security and Mobile Application Development' for TE Computer students during 04th March 2024 to 08th March 2024.

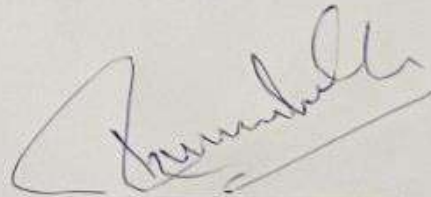

The program's syllabus was created by the faculty coordinator and other department faculty members while taking into account the most recent developments in the chosen field.

You are requested to approve the contents of the program.

Thanking You.

Department of Computer Engineering

Program Module and Outcome

5 days Certificate Course/Add-on Course on

"Emerging trends in Network Security and Mobile Application Development"

Sr No.	Module	Syllabus
1	Module 1	Introduction: Need for Security, Security Attacks ,Services and Mechanisms , Network Security ,Mode
2	Module 2	Network Security: Firewalls, IP Security , VPN, Intrusion Detection ,Web Security ,SSL ,TLS
3	Module 3	Introduction to Android: The Android Platform, Android SDK, Eclipse Installation, Android Installation, Building you First Android application, Understanding Anatomy of Android Application, Android Manifest file, User Interface Screen elements, Designing User Interfaces with Layouts
4	Module 4	Testing Android applications, Publishing Android application, Using Android preferences, Managing Application resources in a hierarchy, working with different types of resources, Using Android Data and Storage APIs, Managing data using Sqlite, Sharing Data between Applications with Content Providers.

Sr No.	Module	Outcome
1	Module 1	This specialisation focuses on designing, creating, and maintenance of security systems within the IT infrastructure of an organization.
2	Module 2	Students should be able to: <u>identify some of the factors driving the need for network security</u> . Identify and classify particular examples of attacks, Define the terms vulnerability, threat and attack.
3	Module 3	Identify various concepts of mobile programming that make it unique from programming for other platforms.
4	Module 4	Utilize rapid prototyping techniques to design and develop sophisticated mobile interfaces, Program mobile applications for the Android operating system that use basic and advanced phone features, and Deploy applications to the Android marketplace for distribution.

PROGRAM REPORT

Title of the Add-on Program: "Emerging trends In Network Security and Mobile Application Development"

Number of Day(s): 05

Dates(s) of Conduction: From 04/03/2024 to 08/03/2024

Venue: PG Lab(Computer Department)

Number of Participants: 52

Program Objectives:

1. To protect the confidentiality of information by preventing unauthorized access or disclosure of sensitive data.
2. To ensure the integrity of information by protecting against unauthorized modification, deletion or alteration of data.
3. To protect against threats such as malware, viruses, and other forms of malicious attacks.
4. To educate students and end-users on best practices for network security to prevent human error or negligence from compromising the network.
5. To quickly get students up to speed with writing apps for Android devices.
6. The student will learn the basics of Android platform and get to understand the application lifecycle.

Name & Contact Details of the Resource Person(s):

Description / Explanation of the Program:

The Add-on Program on "Emerging trends In Network Security and Mobile Application Development" was organised for second year Computer Engineering Students of Late G. N. Sapkal College of Engineering to let them be aware about the clear concept and update their knowledge of this trending topic. It was for the guidance for the Networking and Mobile Application Development who support and encouragement, provided to the students during the Five days add-on Program.

Outcome of the program:

1. Demonstrate expertise in configuring host and network level technical security controls, to include host firewalls, user access controls, host logging, network filtering, intrusion detection, and prevention and encryption at all levels.
2. Describe the hardware, software, and services that comprise an enterprise network, and be able to articulate how these components integrate to form a network solution.

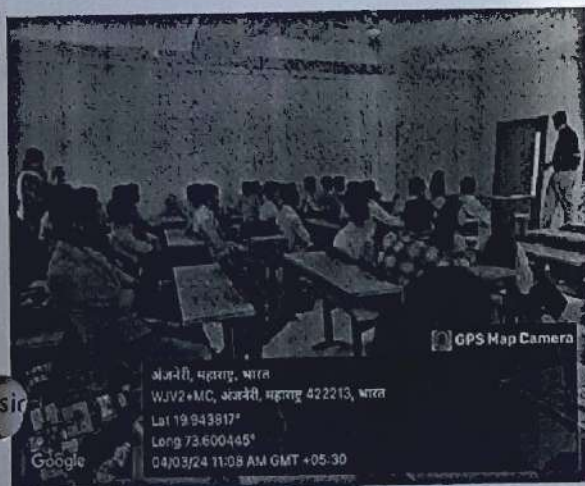

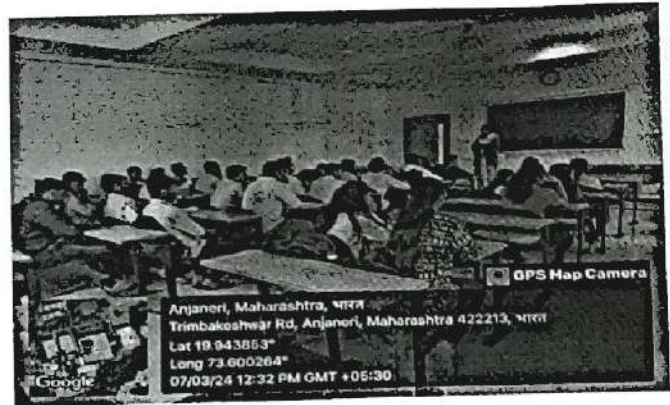

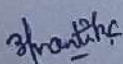

how these components integrate to form a network solution.

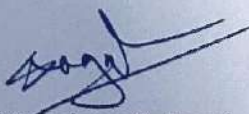

Build multiple host and network architectures, given business requirements and constraints; student will configure operating systems, network specific services, routing, switching, and remote access solutions.

4. Install and configure Android application development tools.
5. Design and develop user Interfaces for the Android platform.
6. Apply Java programming concepts to Android application development.

FFEDBACK FORM - RESOURCE PERSON

We would appreciate if you could take a few minute to share your opinion with us.

Name of the Resource Person: Prof. Dr. G. Dhangre

Mobile No: 9545460193

E-mail id: prof.dr.dhangre@gmail.com

Name of the Affiliating Institute: Stannet Pvt. Ltd.

Address of the Affiliating Institute: Dhruv Nagar, Gangapur Satpura Link Road Nashik

Title of the Talk: Emerging Trends in Network Security & Mobile App Dev

Date(s) of Participation: From 04/03/24 to 08/03/24 Days: 05

Kindly tick mark (✓) in the relevant box below

Sr.	Performance Attributes	Rating									
		1	2	3	4	5	6	7	8	9	10
1.	Involvement of the participants in the session										✓
1 - Uninterested; 5 - Interested; 10 - Very Inquisitive											
2.	Nature of the event organized (Relevance to students / Academics)									✓	
1 - Moderately Relevant; 10 - Most Relevant											
3.	Infrastructural capacity of the organizing Department / Institute										✓
1 - Insufficient; 5 - Sufficient; 10 - Excellent											
4.	Overall Impact of the event on the participants										✓
1 - Beneficial; 5 - More Beneficial; 10 - Most Beneficial											
5.	Comments on the boarding and lodging facilities (if availed)										✓
1 - Average; 5 - Good; 10 - Excellent											
6.	In near future how would you like to associate with the Students / Department / Institute?										
	Mentoring	Infrastructure Sharing	Employment	Financial Support	All of the above						
7.	Comments / Suggestions:
