Subject: Requesting permission for conducting add-on program

Sir,

I, Prof. Kamini R. Patil, a faculty member of your esteemed institution, humbly request your permission on behalf of our Computer department to plan a Value Added /Add-on program in association with IQAC aimed at enhancing students' knowledge of the subjects. The program's objective is to foster industrial awareness among the students and improve their educational experience.

This program has been planned and implemented by a committed group of professionals, who have made sure that it is in line with both our educational objectives and institutional principles. We have a thorough schedule of events, a participation list, and the materials needed.

Kindly grant us permission to proceed with organization of this program. Your support and guidance will undoubtedly boost the confidence and enthusiasm of our students. We look forward to your positive response and approval for the same.

Thanking you in anticipation.

Yours sincerely,

Prof. Kamini R. Patil

Description / Explanation of the Program:

Workshop "Aptitude Training" was organized by Computer Engineering Department in association with IQAC at our college for final year engineering students. Program was started with the brief introduction and felicitation of resource person Mr. Sagar Wagh by Respected Principal LGNSCOE Prof. (Dr.) S. B. Bagal. The speaker discussed about the importance of acquiring good understanding and smart skills for solving aptitude problems. He briefed the students that in most of the selection process either for job or higher studies or for competitive exam it is the first level of screening. He told very handy and easy ways of solving puzzle and number problems. He discussed about the application of Vedic math in solving a wide number of problems with a demonstration.

PURPOSE OF THE TRAINING PROGRAM:

- Our Training program would assist the students-keeping their placements in mind, by crafting a captivating interpersonal skill, along with strong responses to both behavioral and technical interview questions.
- Fine tuning of the student's attitude to learning, motives, values and deal with different situations responsibly and diligently, also makes them a good predictor of academic success.

- This training program helps them leverage their most marketable-and transferable skills to new career paths and types of work.
- Our training would help students to set inspiring but realistic goals in their professional life.

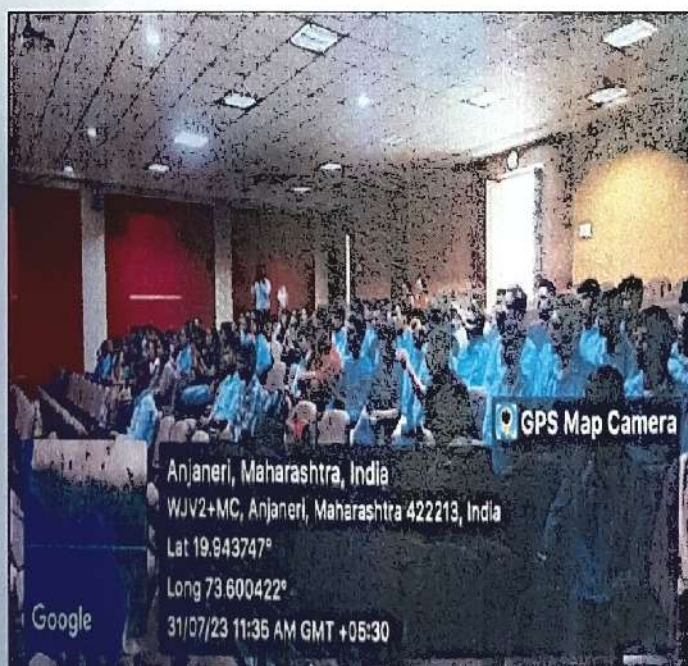

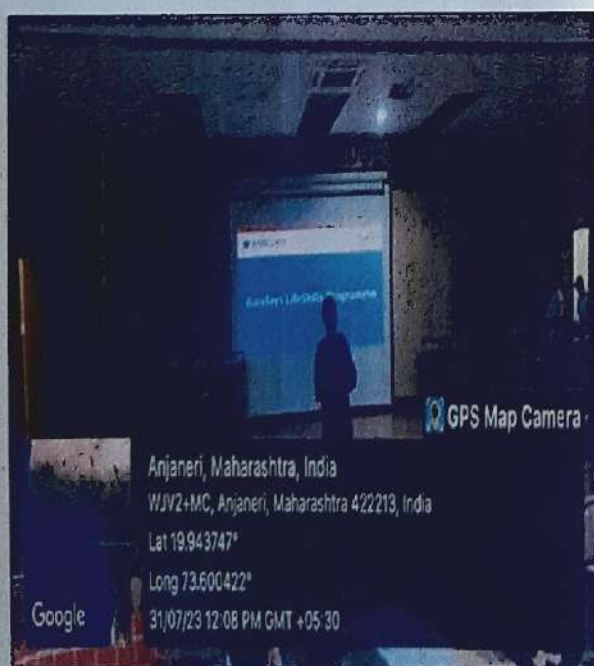

Learning Outcome of the Talk / Event:

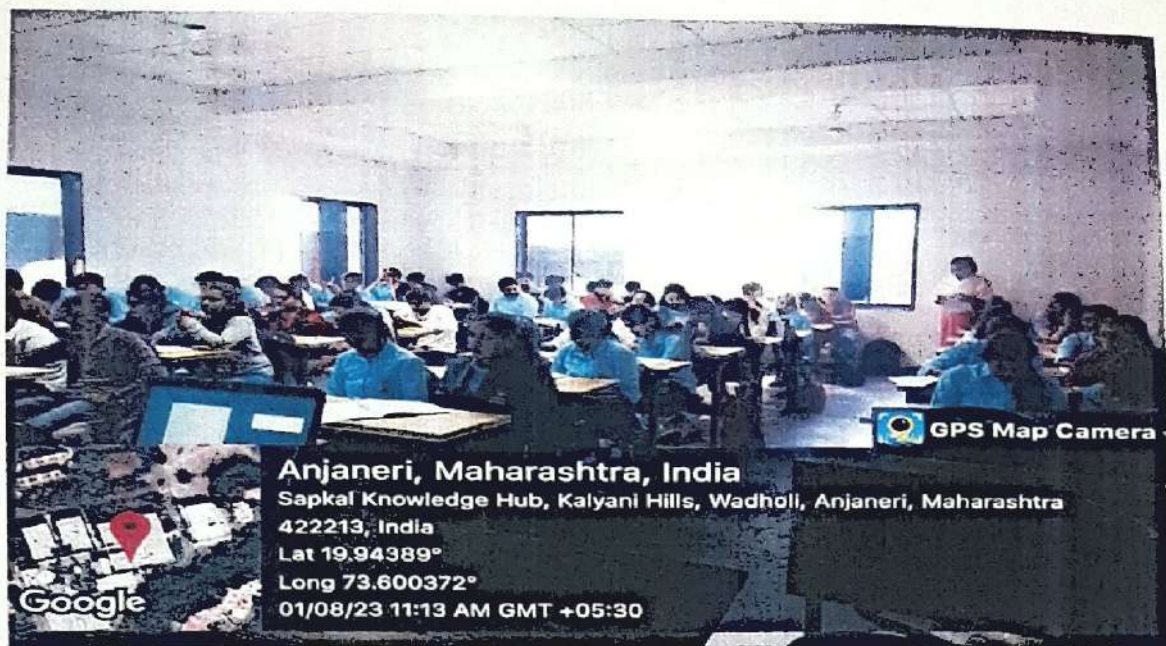

1. Students' understanding about smart skills of aptitude is enhanced.
2. Students' understanding about knowledge about Vedic math as smart skills is raised.
3. Students' ability to solve puzzle and number problems is raised.
4. Students' confidence is raised.
