

7.2.1 Describe two best practices successfully implemented by the Institution as per NAAC format provided in the manual

Description of Best Practice – II: Departmental Students Association

1. Title of the Practice: Departmental Students Association

2. Objectives of the Practice

- To provide a platform for holistic development of the students.
- Organization of various cultural, sports and technical activities and competitions at institute, state and national level.
- Establishment and functioning of various student chapters, bodies, cells and committees.

3. The Context

For many students, the work they participate in department associations offers possibilities for companionship, social development, and personal growth—is the most significant aspect of their college lives. Associations can engage young people in effective and exciting ways that have many advantages. Some students may develop a fresh interest in various disciplines as a result, while others may use them as a springboard to continue their education. They can offer a deeper understanding, practical experiences, and diverse approaches to learning and engaging in various areas. Most importantly, they are stimulating and enjoyable and encourage everyone engaged explore in unique and imaginative ways.

4. The Practice

- Each department of college has its own students association which functions on the principle, 'of the students, by the students and for the students'.
- In the association, students work in different capacities as a part of executive body of the association which is formulated every year.
- The student associations then function under the guidance of the staff coordinator and head of department.
- Beginning from planning, budgeting to execution, all activities are an outcome of combined efforts by the students and faculties.

5. Evidence of Success

- The student associations organize 'TECHNOFEST', a 'National Level Technical Symposium' every year. This mega technical event is collectively hosted by all departments and attracts more than 1000 participants. The students association also jointly organizes annual cultural fest 'ASTITVA' which hosts various sports competitions, art gallery, funfair, cultural days. This event is attended by more than 8000 to 10000

people including students and their parents. Both events are planned, coordinated and executed by the students association.

- Every year, the student associations enthusiastically celebrate Engineer's Day and Teacher's Day. On Teacher's Day, students honour their teachers, while on Engineer's Day, they host a variety of competitions.
- As per the requirement of curriculum and overall development of the students, the departmental associations organize various expert talks, workshops, seminars and industrial visits.
- The student associations have in general contributed in enhancing the graduate attributes among students thus improving their employability.
- Problems Encountered and Resources Required

6. Problems Encountered and Resources Required

It is extremely difficult to coordinate schedules for multiple associations' events on the same day. Limiting the number of students engaging in each activity is difficult due to the students' intense enthusiasm. It can be difficult to meet the expectations of all the students that attend association events.

Subject: A National Level Technical Symposium

"SKH's TECHNOFEST 2024"

Respected Sir/Madam,

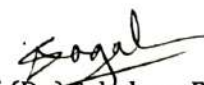

It gives us immense pleasure that the Late G. N. Sapkal College of Engineering, Nashik, is organizing a national-level technical symposium, "SKH's TECHNOFEST 2024," on April 13, 2024. The objectives of this event are to provide a platform for students to get the best knowledge and practical hands-on experience in technical fields.

It is our sincere request that you display our poster in prominent places in your esteemed institute. We request that you encourage your students to participate in this event. Your cooperation in ensuring the success of this event is highly appreciated.

am thanking you in anticipation.

Enclosure: Poster of event.

Thanking you.

Department of Civil Engineering

Title- Technofest 2024

Academic Year: 2023-24	Sem: II
Targeted Audience: Students from different Engineering and Polytechnic Colleges (Diploma, Degree)	Duration: 07 hours
Organizing Body: Civil Engineering Student Association (CESA)	Venue: Civil Engineering Department

EVENT I : PROJECT COMPETITION

A. Overview:

The project competition aims to promote the involvement of students in academic activities, as well as to encourage innovation and research projects. The goal of this event was to acknowledge students with emerging ideas in this fascinating and expanding world of science and engineering. Thus, this competition manifests the conglomeration of talent, intellect, innovation and competitive spirit of the students.

The Civil Engineering Student Association (CESA) of L. G. N. S. College of Engineering, Nashik is organized Project Competition for final year Civil Engineering students (Degree / Diploma) event under TECHFEST-2024. The competition will be held on 13th of April 2024.

All the project videos were played and judged based on originality, innovation and business potential. Engineering College was nominated by the HODs for exhibition to display their final year projects. Finally, the top two teams were selected for a first and second prize.

B. Objectives:

- To allow students to demonstrate a wide range of the skills learned at the College of Engineering during their course of study by asking them to deliver a product that has passed through the design, analysis, testing and evaluation.
- To encourage multidisciplinary research through the integration learned in a number of courses.
- To allow students to develop problem solving, analysis, synthesis and evaluation skills.
- To encourage teamwork.

C. The Context:

It will help boost your presentation, research, and communication skills. The final year engineering projects represent your engineering fundamentals, skillset, and knowledge of the subjects. It helps you to acquire your desired career opportunities.

An innovative and worthwhile final year project helps to provide practical exposure that helps to enhance your problem-solving skills, management skills, research, and analysis. The final year project signifies a milestone in an engineering student's life. It helps to bridge the gap between theory-based learning and skills-based learning.

The projects fulfill the purpose of synthesizing the knowledge acquired during the years and demonstrating the student's aptitude by applying the knowledge. It challenges working in multidisciplinary group discussions and adapting to the different technological advances.

D. The Practice:

The event is organized with following rules and regulations

Topics: Project on Any Topic Related to Civil Engineering

Guidelines:

1. Maximum 4 participants per team.
2. Project summary (not more than 01 page A4 Size) in Microsoft Word containing Students name, contact number, mail id and project title.
3. Time provided is for presentation - 5 min, for conclusion - 2 min & Q/A - 5min .
4. Participants should bring two hard copies of project summary at the time of competition and submit it to student coordinator.

Judging Criteria:

Based on Effectiveness, Innovation and Achievement of objective, Communication skills and answers given by candidate in the Q&A round.

Eligibility Criteria: Students with valid I-cards and letter for participation from respective institute are eligible.

Entry Fee: Rs 50/- for per participants

Prize:

1st Prize - Rs. 2000/- & mementos

2nd Prize - Rs. 1000/- & mementos

EVENT II: BRIDGE MAKING COMPETITION

A. Overview:

The Civil Engineering Student Association (CESA) of LGNSCOE is enraptured to announce the event Bridge Making Competition is the most awaited and Flagship event under TECHFEST-24'. The popsicle stick bridge is a classic science demonstration and competition. Every year many students world-wide build bridges made from popsicle sticks and glue, to see which designs can hold the most weight. The Ice Cream Stick Bridge making competition is an exciting challenge that invites participants to use their creativity and engineering skills to design and build a bridge using only ice cream sticks.

B. The Practice:

Bridge Dimension:

- Length of the bridge should be 700 mm. Means c/c distance between two span
- Width of the bridge should be minimum 100 mm.
- Depth 160 mm, End Supports 45 mm.

Materials to be used :

- Standard Popsicle sticks.
- The Popsicle sticks can be trimmed or cut into any size and shape.
- Only synthetic white adhesives are permissible.

Testing Methodology:

- The load is applied at midspan of the bridge, applying point load which is gradually increasing.
- The winner will be decided based on ratio of load carrying capacity carried by bridge to the self weight of bridge (kg).
- The bridge is considered failed when: Any member or joints fails.

Judging Criteria:

Note: Expert Panel of Judges can Modify the rules as necessary for the Event in case need arises.

General Rules:

- Deck slab is to be supported by two trusses provided on each side of deck.

Department of Mechanical Engineering

Title- Technofest 2024

Academic Year: 2023-24	Sem: II
Targeted Audience: Students from different Engineering and Polytechnic Colleges.	Duration: 01 Day (13/04/2024)
Organizing Body: MESA	Venue: Mechanical Department

Guests: Honorable CMD Dr. Ravindra G. Sapkal,

Honorable Vice Chairperson Kalyani Sapkal Madam.

Special Guest: Shri. Shreekanth Patil, Founder and Mentor, Startup India, Nashik

Event I

A. Event Name: Project Competition

B. Objectives:

- To give aspiring engineers a creative platform on which to showcase their technical expertise and ideas.
- To anticipate projects involving the novel concepts and technological advancements
- To learn from peers to improve interpersonal and teamwork skills.

C. The Context:

This is an initiative to promote the creative thinking among the students of allied engineering branches. Student's exposure to the fundamentals is provided by curriculum-based experiments and practicals. It will take more work to educate students about the newest technologies in accordance with business needs through various technical events. The goal of the Technofest-Project Competition is to prepare the students for success in the workplace while boosting their self-assurance in managing their workload and public speaking abilities.

D. The Practice:

The event is organized with following rules and regulations

- A maximum of 04 members are allowed in each participating team.
- Registration fee: 50/- per team
- Multiple teams from the same college can participate in the competition.
- The decision of the judges will be final and abiding. Arguments with judges in any form will lead to the disqualification of the team right away.
- Each checkpoint carries different types of hurdles. Successfully clearing the checkpoints will add points to the total tally.
- Projects causing disturbance of any kind to other projects or the competition setup will be disqualified immediately.
- Decisions of the Judges and Event Organizers shall be treated as final and binding on all.

E. Evidence of Success:

Project Competition Winners-

Number	College Name	Student Name
1 st winner	LGNSCOE, Nashik	1. Veer N. More 2. Shubham V. More 3. Akash S. Bhandirge 4. Vasudev R. Patil
2 nd winner	LGNSCOE, Nashik	1. Abhiyash Suryawanshi 2. Hrushikesh Sose 3. Somesh Ware 4. Divya Tarle

F. Problems Encountered and Resources Required

During Academic ending its difficult to makes students in comfortable zone. By keeping this in mind inspiring students to take active participation in this competition is again a challenge.

Event II

Event Name: Paper / Poster / Innovative Ideas - Presentation

A. Title of the Event: - Paper / Poster / Innovative Ideas – Presentation Competition.

B. Objectives:

- To provide an Innovative platform for upcoming engineers to present their attentive skill. Technical skills by participating in various organized events.
- Main objective of this event is to foreshadow that students are also enjoying presentation.
- This event would help the students to learn team work, develop communication skills, and to work in a team.
- To make a student's a little bit relaxed as enjoyment provided by this event.
- The ultimate goal is to pick students who are good at competitive environment.

C. The Context:

Using of best knowledge and technical skills in different domains of the engineering connecting with mechanical engineering using different platform for presenting the ideas of the their Project/Concept/work/research of student participants. As per the demand or necessity of the market adopting new technologies understanding of same we can easily access by visual view. Prepare the students for success in the workplace while boosting their self-assurance in managing their technical skill and public speaking abilities.

D. The Practice:

- Maximum four participants in the group will be allowed.
- Competition is allowed for degree and diploma students.
- For Paper presentation PPT is required.
- For Poster presentation, Handmade Poster on drawing sheet, or printed poster required.
- For Innovative ideas, students can present their Idea with the help of suitable means.
- Projector will be provided for the event.

- Students must e-mail the stated information to mention mailed with their entry confirmation.
- Maximum time for presentation will be 10 minutes and 5 minutes for question-answer (Q&A) round.
- This competition will held in One/two rounds for one day.
- First round will be common to all participants.
- If required, second round will be conducted
- Decisions of the Judges and Event Organizers shall be treated as final and binding on all.

Judge for Event: Prof. (Dr.) Rahul R. Chakule, Head of Mechanical Engg. Department, Loknete Gopinathji Munde Institute of Engineering Education & Research, Nashik.

E. Evidence of Success

Winners of Paper / Poster / Innovative Ideas - Presentation

Number	College Name	Student Name
1 st winner	AV COE, Sangamner	1. Kandalkar Vijay S. 2. Gunjal Pratik S. 3. Pawar Divya B. 4. Gunjal Gauri S.
2 nd winner	LGNS COE, Nashik	1. Siddhi A. Bhosale

For First prize Cash of Rs 2000/- and memento, for second prize Cash of Rs 1000/- and memento was given.

Event Concluded by formal vote of thanks by Prof. M. S. Borse, followed by National Anthem.

F. Problems Encountered and Resources Required

Subject: Invitation for "SKH TECHNOFEST - 2024" as judge...

Dear Sir,

Our institute organises annually the technical event "SKH TechnoFest" to provide students of various institutions with a platform to showcase their technical skills. We are glad to inform you that we are organising "SKH TechnoFest-2024" on April 13, 2024. The students from different engineering streams will compete in ten events this year.

It is our privilege to invite you as a judge for the project competition and paper/ poster/ innovative idea presentation for Mechanical Engineering Department.

We are looking forward to your presence at the inauguration ceremony.

Venue: SKH Seminar Hall

Date and Time: Saturday, April 13, 2024, 9:30 am

Thanking you
