Subject: Invitation to Hands-on Training Workshop on Computer Aided Engineering (CAE).

Dear Sir,

We are glad to inform you that as per our telephonic communication with you I am writing to extend a formal invitation to you as an expert for our upcoming One Week Hands-on Training Workshop on "Computer Aided Engineering (CAE)" in association with MESA. The workshop is scheduled to take place from February 22nd, 2024, to February 27th, 2024.

The workshop aims to provide participants with practical insights and hands-on experience in the field of Computer Aided Engineering, covering various aspects of it. As a expert/trainer with Texllence CNC Pvt. Ltd, your expertise and experience in this domain would be invaluable to our workshop participants.

We believe that your presence will greatly benefit our participants, and we would be honored to have you join us for this event. Kindly confirm your availability on dates 26th Feb to 27th Feb 2024 at your earliest convenience, and let us know if you require any further information or assistance regarding your participation.

Looking forward for your esteemed presence.

Thanking you.

Texllence CNC Pvt. Ltd. Pune)

Introduction

The Mechanical Department of Late G. N. Sapkal College of Engineering, in collaboration with Texllence CNC Pvt. Ltd., Pune, organized a one-week hands-on training workshop on "Computer Aided Engineering (CAE)." The event, held from 22nd to 27th February 2024, was supported by the Mechanical Engineering Students Association (MESA). This workshop aimed to provide students with a comprehensive understanding and practical experience in CAE, focusing on MasterCam software and CNC programming.

Program Objectives

The primary objectives of the workshop were:

1. Introduction to CAE: To familiarize participants with the fundamentals and significance of Computer Aided Engineering, emphasizing its importance in modern engineering practices.

- 2. MasterCam Training:** To provide hands-on training in MasterCam software, enabling participants to design and simulate engineering components.
- 3. CNC Programming:** To introduce the basics of CNC programming, including G codes and M codes, and their application in machining processes.
- 4. Practical Application:** To offer practical experience in preparing and simulating CNC programs using MasterCam and performing CNC turning operations.
- 5. Skill Development:** To enhance participants' technical skills, aligning them with industry standards and requirements.
- 6. Collaborative Learning:** To promote collaboration and knowledge sharing among participants, facilitating interactions with industry experts and faculty members.
- 7. Certification:** To acknowledge and certify participants' successful completion of the training, encouraging them to apply their acquired skills in academic and professional settings.
- 8. Comprehensive Experience:** To combine theoretical knowledge with practical application, providing a holistic learning experience.

Learnings from the Program

Day 1: 22nd February 2024 (Thursday)

Inaugural Function: The workshop commenced with an inaugural function attended by esteemed guests and faculty members.

Introduction to CAE (Dr. T. Y. Badgujar): Participants were introduced to the basics of CAE, including its significance and applications in engineering.

Importance & Need of CAE (Dr. T. Y. Badgujar): The session highlighted the practical benefits and future prospects of CAE.

Day 2: 23rd February 2024 (Friday)

Basics of MasterCam (Prof. P. S. Talmale): An overview of MasterCam software was provided, covering its features and functionalities.

Hands-on Training in MasterCam (Prof. P. S. Talmale): Participants engaged in practical sessions to familiarize themselves with MasterCam's interface and basic operations.

Day 3: 24th February 2024 (Saturday)

Basics of CNC Programming (Prof. K. W. Kale): Introduction to the fundamental concepts of CNC programming.

Introduction to G code & M code (Prof. K. W. Kale): Detailed explanation of essential G and M codes used in CNC programming.

Hands-on Training in CNC Turning (Prof. K. W. Kale): Practical training on CNC turning, applying the concepts learned in the sessions.

Day 4: 26th February 2024 (Monday)

Program Preparation using G code & M code (Mr. Shubham Desai, Texllence): Guided session on preparing CNC programs using G and M codes.

Simulation through MasterCam Software (Mr. Shubham Desai, Texllence): Simulating CNC programs using MasterCam to visualize machining processes.

Hands-on Training in CNC Turning (Mr. Shubham Desai, Texllence): Continued hands-on training in CNC turning, refining programming and operational skills.

Day 5: 27th February 2024 (Tuesday)

Job Preparation on CNC Turning (Mr. Shubham Desai, Texllence): Final hands-on session focused on preparing actual jobs on CNC turning machines.

Valedictory Function: Concluding the workshop, the valedictory function included congratulatory remarks by Dr. S. B. Bagal, Principal, and the distribution of participation certificates.

Outcome of the Event:

Enhanced Knowledge and Skills: Gained understanding of CAE, MasterCam, and CNC programming.

Industry-Relevant Training: Aligned with current industry standards and practices.

Improved Employability: Increased attractiveness to employers with enhanced technical skills.

Departmental Growth: Strengthened the Mechanical Department's reputation for quality training.

Holistic Learning Experience: Provided well-rounded education with theoretical and practical knowledge.

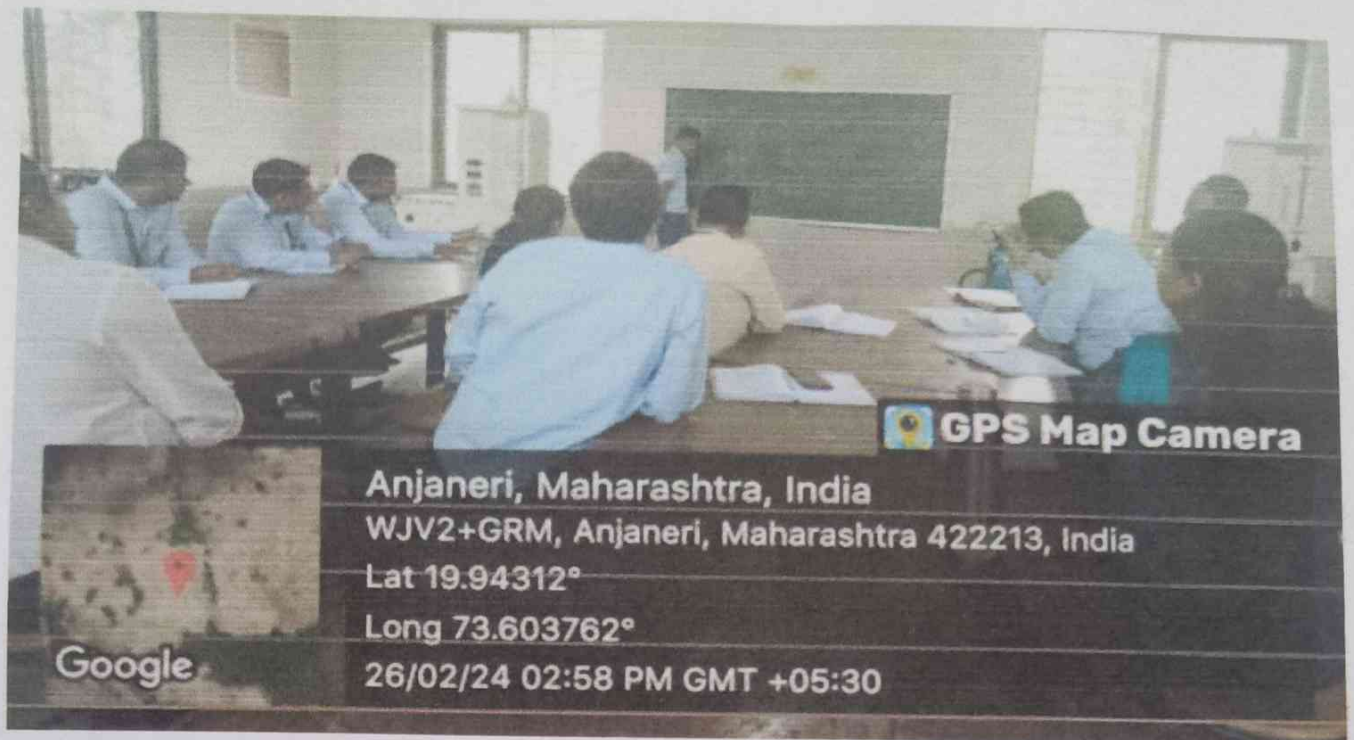

Conclusion

The one-week hands-on training workshop on "Computer Aided Engineering (CAE)" provided participants with valuable insights and practical experience in MasterCam software and CNC programming. The collaborative efforts of the Mechanical Department, Texllence CNC Pvt. Ltd., and MESA ensured a comprehensive learning experience, equipping students with the necessary skills to excel in the field of CAE. The workshop was well-received by participants, who appreciated the blend of theoretical knowledge and practical application. The event not only enhanced their technical capabilities but also prepared them for future challenges in the engineering industry.
