Abstract

Organization information:

While established in 2012 as Varroc Lighting Systems, we have over a century of exterior lighting expertise under our belt. Before becoming a wholly-owned entity of the Varroc Group in 2012, our lighting operations existed within Visteon Corporation right from their beginning, when Ford Motor Company established Visteon. Prior to Visteon, Ford acquired Autopal plants in the Czech Republic to globally strengthen and broaden their brand, and they also built a plant in Monterrey, Mexico, under the Carplastic name. Ultimately, Visteon took on the Autopal and Carplastic plants from Ford and acquired a JV in Pune, India. As we have evolved, we have remained both agile and focused. Collectively, we continue to offer best-in-class design and manufacturing solutions for automotive lighting.

Introduction

Varroc was established by Tarang Jain in 1990, in Aurangabad, India with the commencement of company's polymer division. Between 1992 and 1998, the company focused on product diversification and capacity expansion and started its electrical and metallic division. Varroc started more polymer manufacturing facilities in 1997 in Pune and Aurangabad.

In 2001, Varroc expanded its development capabilities by collaborating with Mitsuba Corporation, a Japanese manufacturer of automobile parts.^[4] The company collaborated with Brussels based materials technology company, Umicore, in 2005 and started production of automotive catalytic converter.

Between 2007 and 2010, Varroc acquired IMES, Poland and Italy to strengthen forging business in European markets, off-road and oil drilling industry. The company also invested in manufacturing capability for polymers in National Capital Region to cater to OEMs in North India.

In 2011, Varroc acquired European two wheeler lighting organization Tri.O.M. S.p.A. including its R&D center. In 2012, Varroc's turnover

Global Infrastructure

Global Provider of Automotive Components Corporate Presentation

Core Values • Our values drives our businesses and has always been a key enabler for our growth imperatives Polymers Business • Plastic Interiors • Pillar Trims • Door Modules • Instrument Panels • Centre Consoles • Under body parts • Charge Air Cooler housing • Radiator tanks • Mirror Assembly • Air filter assembly • Seating assembly • Varroc Polymers is one of the leading suppliers to Indian, Japanese, European and American OEMs • Pan- India manufacturing and paint shop footprint • Invested in a state-of-the-art Technical Center which handles complex aspects of tool designing and manufacturing • Invested in R&D to build capabilities to provide solutions for integrated modules, internal body parts, mirror assemblies and advanced air filter solutions Electrical & Electronics Business • Electronics • CDI controllers • Regulators Rectifiers • Digital Electronic Clusters • Handle Bar Assemblies • Motors • Starter Motors • Wiper Motors • Magnetos • Emerging to be leading electrical and electronic component supplier in 2W, Commercial Vehicles and Passenger Car segments • Dedicated R&D centre in India • 5 manufacturing units Metallic Business • Leading supplier of engine valves globally • State-of-the-art simulation and

Varroc engineering services

Varroc engineering services is the world's most supplier of exterior lighting systems, powertrains, electronics, body and chassis parts to leading passenger car and motorcycle segments worldwide.

Key Customers

1. Metallic

Metallic division is a supplier of essential machined forgings and engine valves. The manufacturing capabilities of forging include hot, warm and cold forging, heat treatment, post heat treatment machining and soft machining. The forging plant based in Italy supplies large forgings to caterpillars in Europe for construction equipment.

Metallic Business

- Forgings
 - Transmission Assembly
 - Connecting Rod
 - Crankshaft
 - Multiple Gear Assembly
 - Camshaft and Crank Pins
 - Engine Valves
 - Construction Industry
 - Links & Rollers Segments
 - Hubs
 - Hydraulic components
 - Cardan shaft, motor cardan shaft, sleeve, etc.
- Leading supplier of engine valves globally
 - State-of-the-art simulation and validation testing facility
 - State-of-the-art fully machined forging components and crankshaft facility to cater to the commercial vehicle space

2. Varroc Lighting Systems

Varroc Lighting Systems (VLS), headquartered out of Plymouth, Michigan, is a supplier of exterior lighting for passenger cars and commercial vehicles. The division has six manufacturing plants across North American, European, and Asian countries and six Engineering centers in the Czech Republic, France, China, Germany, Poland, Mexico, Romania and India

quite critical to the success of the 4-Wheelers Lighting Business

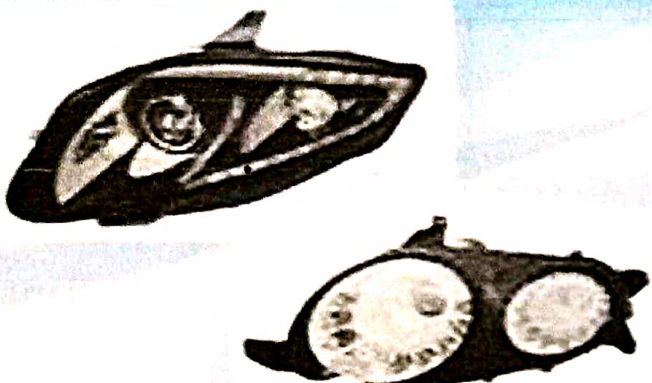

4-Wheelers Lighting Business

- Head Lamps
 - Reflectors, Halogen & HID Projectors
 - Adaptive Front Lighting Systems
 - AFS control electronics
 - Day time running lamps
 - High Intensity Discharge Light
- Rear Lamps
- Fog Lamps
- Side Markers, Front & Rear
- Centre High Mount Stop Lights

• Varroc Lighting Systems (VLS) has a strong R&D and manufacturing across North America, Europe and Asia

• Partner with major global OEMs to provide lighting solutions that meet performance and aesthetic needs

- Be a partner of choice for vision, mobility and emission technologies
- Be the fastest growing player in our core sectors

Varroc Group Mission

Varroc aims to become a Global Player in the business of supplying components, aggregates & systems to its customers. • We shall cater to automotive OEMs in 2/3 Wheeler, Passenger Car and Commercial vehicle segments, and to non automotive customers such as Off - road vehicles, White Goods, Industrial, Oil & Gas etc. • Our markets shall be India, and selected overseas markets such as America, Europe & Asia. Exports will constitute 10% of our total sales by 2013. • The aftermarket will constitute 10% of our total sales by 2013 including Domestic sales, Exports and sales to the Spare Part divisions of our customers • We shall continue to grow at 25% CAGR over the next 3~4years.

Learning Objectives:

1. Internships are generally thought of to be reserved for college students looking to gain experience in a particular field. However, a wide array of people can benefit from Training Internships in order to receive real world experience and develop their skills.

2. Electronics CDI controllers Regulators Rectifiers Digital Electronic Clusters Handle Bar Assemblies Motors Starter Motors Wiper Motors Magnetos and many more.

Conclusion;

The varroc engineering pvt ltd is the in R&D to build capabilities to provide solutions for integrated modules, internal body parts, mirror assemblies and advanced air filter solutions Electrical & Electronics Business Electronics CDI controllers Regulators Rectifiers Digital Electronic Clusters Handle Bar Assemblies Motors Starter Motors Wiper Motors Magnetos Emerging to be leading electrical and electronic component supplier Transmission Assembly Connecting Rod
