

Activity Report

Particulars	Description
Department	Computer Engineering
Activity	Industrial Visit
Activity level	College
Title	Industrial Visit
Organized by	Prof. P. U. Mandlik. (Assistant Professor) and Prof. C. R. Thorat (Assistant Professor)
Venue	Aniimora Animation & VFX, Nashik
Date	25/08/2026
Time	10:30am
Objectives of the activity	1. To provide students with an opportunity to observe real-world IT industry operations and workflows. 2. To enhance students' understanding of industry practices, technologies, and standards. 3. To familiarize students with advancements and innovations in the IT sector.
Outcomes of activity	1. Students observed real-world IT industry operations, gaining exposure to organizational workflows and practices. 2. Students developed a deeper understanding of industry-relevant technologies, tools, and standards. 3. Students acquired knowledge about advancements and trends in the IT sector, broadening their professional perspective.
Targeted Participants	SE, Computer Engineering
Total no. of Participants & % of students	100 (90%)
Speaker / Resource Person	1. Name: Vimallesh Upadhyay 2. Designation & Organization: Chief Executive Officer, Aniimora Animation & VFX, Nashik, 3. Mobile No.: 9860131431

Kalyani Charitable Trust's

Late G. N. Sapkal College of Engineering

Kalyani Hills, Anjaneri, Trimbakeshwar Road, Nashik – 422 213

Particulars	Description
Content of the activity	1. Introduction to the Organization • Aniimora Animation & VFX, Nashik is an organization specializing in Animation, Visual Effects (VFX), 3D Modelling, Graphic Designing, and Digital Media. • The organization provides industry-oriented practical exposure and professional guidance, helping students understand modern animation technologies, software, creative workflows, and career opportunities in the Animation and VFX industry. 2. Industry Workflow and Department Functions • Creative design, animation, VFX, editing, quality checking, and final production. 3. Discussion on Latest Tools and Technologies • Latest animation, VFX, 3D modelling, rendering, and video-editing tools used in the industry. Modern software, AI-based technologies, 3D visualization, and digital production techniques
Relevance to POs	PO1, PO5, PO6, PO9,
Relevance to PSOs	PSO3
Methodology used	1. Live Demonstration 2. Interactive Discussion

Particulars	Description
Brief Description of the activity	An industrial visit was organized for Second Year Computer Engineering students of Late G. N. Sapkal College of Engineering, Nashik, on 25th August 2026. The visit was conducted at Aniimora Animation & VFX, Nashik to provide students with practical exposure to the Animation and VFX industry. Students learned about the industry workflow, latest tools, technologies, and software used in animation and visual effects. The experts explained various stages of 3D modelling, animation, texturing, rendering, and compositing. The visit helped students understand the practical applications of computer engineering concepts in the creative technology industry. It also provided valuable insights into career opportunities and current industry trends.
